

About Byrncliff.

Byrncliff is an 18-hole public golf course with a state-of-the-art irrigation system that keeps the course as green as can be through the toughest dry spells. The Byrncliff grounds crew maintains the course in pristine condition all season long.

Walking or riding, Byrncliff is designed for all skill levels. The course stretches almost 200 acres of gently rolling hills, accented with sand traps and water hazards, never leaving you with a dull moment.

And we know how golf can work up an appetite. Grab a meal or a snack at the turn from our 9th hole "half-way house." The beverage cart attendants will round the course with frosty beverages and snacks. Afterwards, head up to the full service bar and restaurant for a delicious meal.

Byrncliff can also host a golf tournament of any size. Also, ask about our "Play & Stay" packages, complete with an outdoor pool and hot tub!
